style.

IT'S SIMPLE REALLY.

Life Instyle was created with one goal, to celebrate and elevate makers and creatives doing great things.

We provide the opportunity to connect brands with the retailers, stylists and media who will help propel them into their next level of success. And what better way than to create an epic event experience that brings all of that together under one roof.

Life Instyle is first and foremost about discovery - a place to source from some of the world's best curated collections of well designed, well intentioned products. But it's also more than that. Life Instyle is about connection - a platform for like-minded creatives to come together and feel supported and nurtured on their way to greatness.

Along the way, we at Life Instyle promise to nurture, educate, inspire and stand with them, shoulder-to-shoulder as their partners in creative collaboration.

WHAT OUR EXHIBITORS HAVE TO SAY

A useful opportunity to spend time with existing customers in person and maintain relationships that are harder to build outside of a live trade environment.

Life Instyle is a well-considered and thoughtfully curated industry event that feels intentional in both its presentation and exhibitor mix.

A strong location supported by a good calibre of buyers, making the time spent on the floor feel worthwhile.

THE ROYAL EXHIBITION BUILDING

The beautiful Royal Exhibition Building located in Carlton, became the first build heritage site in Australia to be added to the World Heritage list due to the building being a rare intact reminder of the 19th century international exhibitions movement, fostering exchanges of products and ideas.

Spanning over two floors, Life Instyle Melbourne truly encapsulates the essence of fostering connections that the Royal Exhibition Building promotes.

al.ive body

Description

Design Duo, Alisa & Lysandra Fraser are thrilled to announce the launch of their personal care brand al.ive body®. The idea for the al.ive body® range was born after the pair regularly struggled to source bathroom and kitchen styling products that complemented their finished projects, while also offering the product purity their clients expected. So after 18 months of intense determination and exploration, the result is a personal care range aimed at the conscious consumer who values high-end design and demands product integrity.
